

Connecting AP Learning to Opportunities

Personalized college and career
planning tools — now available
to AP students.

cb.org/bigfutureschool-ap

Students Will Get:

SKILL-BASED EXPLORATION

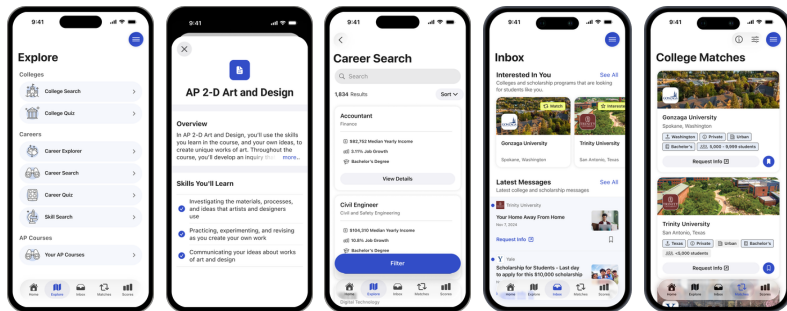

See how skills that may be developed in their AP coursework connect to different career options.

FUTURE PLANNING FOCUSED ON FIT

Personalize college and career searches based on their interests, college preferences (i.e. size, location, majors, etc.), and the skills they may be building through AP coursework.

INTERESTED COLLEGES AND SCHOLARSHIP PROVIDERS

Opt in to Connections (where available) to discover nonprofit colleges, scholarship providers, and government agencies administering educational programs that may be a good fit and are looking for students like them.

College and career planning tools in BigFuture School and Connections.

Schools Provide Access in One Step

AP Coordinators can enable access during AP Registration and Ordering. If you give access to BigFuture School and Connections for students enrolled in your school's AP courses, they can then choose to provide a mobile number to get the app in My AP.

**BigFuture School and Connections are not offered to students as part of their AP course participation in New York or outside of the United States at this time. Students must be 13 and older to access the app. There may be other exclusions.*
