

Build Your Vision

Use Vision Builder to think about who you are, what matters to you, and what you want your life to look like. The rest gets clearer from there.

Vision Builder is a new, free tool on BigFuture.org that gives you the space to dream and reflect on your values, interests, and aspirations. You don't have to have it all figured out right now. Vision Builder gives you the chance to step back.

Before you decide what you want to do after high school, consider questions about the life you hope to live one day. From there, look for options that fit you—your academic and career goals, your interests, as well as your financial needs.

A vision board can take as little as 5 to 10 minutes to complete.

Sign In or Create a Free Account

Log in to access Vision Builder so we can save your board to your account. Sign in with your College Board account or create one for free.

Build Your Board and Share Your Ideas

The vision board and statements that are generated are unique to you.

- Add images to your board.
- Tell us why you picked them.
- Review generated statements.

Put Your Vision Into Words

Your board of images becomes a set of written statements about what matters to you. Use these to help jumpstart your college and career planning conversations.

A New BigFuture Scholarships Step

10th graders can qualify for BigFuture Scholarships by completing Vision Builder.
